FOR IMMEDIATE RELEASE

SQE Training announces 2017 dates, locations for Software Testing Training Weeks

JACKSONVILLE, FL — SQE Training, a TechWell company, has announced its 2017 Software Testing Training Week schedule. Event dates and locations include February 27-March 3 in Atlanta, GA, March 6-10 in San Diego, CA, and April 3-7 in Boston, MA.

Featuring courses for software testers, engineers, quality assurance specialists, test managers, and project managers, [Software Testing Training Weeks](#) offer software professionals the opportunity to maximize their training by building a customized week of instruction. Course topics include agile, DevOps, software security, test automation, test design, test management, as well as ISTQB® and ICAgile certification training.

"Much is expected from today's software professionals—automation, security, mobile," said Stephanie Fender, Senior Training Manager. "The courses we offer at our Software Testing Training Weeks address these challenges by giving test/QA professionals both the knowledge and the practical skills needed to deliver high-value products in record time."

Details on each Software Testing Training Week and all 10 courses can be found at sqetraining.com/trainingweek.

###

ABOUT SQE TRAINING:

SQE Training, a TechWell company, (sqetraining.com) helps organizations worldwide improve their skills, practices, and knowledge in software development and testing. SQE Training offers certification for software testers through the ISTQB®—International Software Testing Qualifications Board, agile certifications through the ICAgile, ScrumMaster and Product Owner certifications through the Scrum Alliance®, and requirements engineering certifications through IREB, the International Requirements Engineering Board. SQE Training is also a Registered Education Provider (R.E.P.) with the Project Management Institute (PMI).

ABOUT TECHWELL:
